QUESTION OF THE VIOLATION OF HUMAN RIGHTS IN THE OCCUPIED ARAB TERRITORIES, INCLUDING PALESTINE

QUESTION OF THE VIOLATION OF HUMAN RIGHTS AND FUNDAMENTAL FREEDOMS, INCLUDING POLICIES OF RACIAL DISCRIMINATION AND SEGREGATION AND OF APARTHEID, IN ALL COUNTRIES, WITH PARTICULAR REFERENCE TO COLONIAL AND OTHER DEPENDENT COUNTRIES AND TERRITORIES: REPORT OF THE SUB-COMMISSION UNDER COMMISSION ON HUMAN RIGHTS RESOLUTION 8 (XXIII)

Letter dated 14 August 1997 from the Permanent Observer for Palestine to the United Nations Office at Geneva, addressed to the Officer-in-Charge, High Commissioner/Centre for Human Rights

The Israeli occupation authorities are committing new crimes of genocide against the Palestinians in the Occupied Palestinian Territory, as well as in the regions under the Authority of Palestinian Self-Government.

According to article II (c) of the Convention on the Prevention and Punishment of the Crime of Genocide, "deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part" constitutes the crime of genocide; therefore, the dangerous coercive and arbitrary measures taken by Israel had subjected, and still are subjecting, the Palestinian people in the Occupied Territory and in the regions of the Palestinian National Authority to starvation, sickness and utter destruction, by forbidding them access to food and medicine. These measures are represented as follows:

1. Closing international crossing points towards Egypt and Jordan.

2. Closing the cities and villages in the West Bank and isolating them from each other.

3. Isolating the West Bank from the Gaza Strip, and forbidding any kind of communication between them.

4. Stopping the transfer of the funds of the Palestinian Authority (funds raised from taxes and other dues).

5. Total interdiction of the movement of goods between the cities of the West Bank and between the Gaza Strip and the West Bank, as well as the movement between the two and Israel, Egypt and Jordan.

6. Forbidding the movement of ambulances and the transport of sick persons and stopping the vaccination campaigns.

7. Closing the sea in Gaza to Palestinian fishermen.

8. Demolishing Palestinian houses, as the Israeli authorities demolished on Wednesday, 13 August 1997, five houses in the Camp of Shoufat, which is part of occupied East Jerusalem. The same authorities had already demolished 80 houses this year in the city of occupied East Jerusalem, in the context of a decision taken by the Israeli Government to demolish 500 other Palestinian houses.

These acts fall under the aforementioned article of the Convention on the Prevention and Punishment of the Crime of Genocide. Furthermore, the demolition of the Palestinian houses in the territory occupied by Israel constitutes a flagrant violation of the principles of international law and the provisions of the Geneva Convention relative to the Protection of Civilian Persons in Time of War of 1949.

I hereby kindly request you to consider this memorandum as an official document and to distribute it as such to the distinguished members of the forty-ninth session of the Sub-Commission on Prevention of Discrimination and Protection of Minorities currently being held in Geneva, as well as to the members of the upcoming fifty-fourth session of the Commission on Human Rights.

QUESTION OF THE VIOLATION OF HUMAN RIGHTS IN THE OCCUPIED ARAB TERRITORIES, INCLUDING PALESTINE

QUESTION OF THE VIOLATION OF HUMAN RIGHTS AND FUNDAMENTAL FREEDOMS, INCLUDING POLICIES OF RACIAL DISCRIMINATION AND SEGREGATION AND OF APARTHEID, IN ALL COUNTRIES, WITH PARTICULAR REFERENCE TO COLONIAL AND OTHER DEPENDENT COUNTRIES AND TERRITORIES: REPORT OF THE SUB-COMMISSION UNDER COMMISSION ON HUMAN RIGHTS RESOLUTION 8 (XXIII)

Letter dated 15 August 1997 from the Permanent Observer for Palestine to the United Nations Office at Geneva, addressed to the Officer-in-Charge, High Commissioner/Centre for Human Rights

The Israeli Ministry of Health has given authorizations amounting in number to 1,000 to drugs companies, in order to experiment with dangerous drugs on the Palestinians detained and imprisoned in the Israeli jails, the number of whom has reached more than 4,000 prisoners.

This information has been revealed by the supervisor of the Committee of Science in the Israeli Knesset; it has also been reaffirmed by the head of the Drugs Section in the Israeli Ministry of Health, in front of the members of the Israeli Knesset in the same meeting.

These acts, by which the Palestinians detained and imprisoned in the Israeli prisons serve as guinea pigs to test dangerous drugs, and which expose their lives to danger, to death and to permanent handicaps, constitute a flagrant violation of the right to integrity and the right to life of thousands of the Palestinians detained in those prisons.

Furthermore, these acts, which totally contravene the conventions and the regulations of the World Health Organization, constitute at the same time flagrant violations of the principles of international law, international humanitarian law and the International Bill of Human Rights.

Thus, the Israeli Government, as well as the authorities of its military occupation of the Palestinian territory, are committing a new crime to be added to their previous crimes against the Palestinian people.

I hereby kindly request you to consider this memorandum as an official document, and to distribute it as such to the distinguished members of the forty-ninth session of the Sub-Commission on Prevention of Discrimination and Protection of Minorities, currently being held in Geneva, as well as to the members of the upcoming fifty-fourth session of the Commission on Human Rights under item 4 of its provisional agenda.
